Sicherheitshinweise:

D

Wichtige Sicherheitshinweise für die Montage und Nutzung von Schiebetürsystemen

(Zusätzlich zu Montage- und Bedienungsanleitung zu beachten, um Schäden an Produkt sowie Personen- und Sachschäden zu vermeiden.)

Wichtig: Alle Nutzer sind über die sie betreffenden Punkte der nachfolgenden Hinweise sowie die Hinweise aus Montage- bzw. Bedienungsanleitung zu informieren!

Allgemein:

- Schiebetüren dürfen nicht zu hart zu- oder aufgezogen werden. Dies trifft vor allem auf Schiebetüren ohne Softeinzug zu.

Montage:

- Mitgeliefertes Befestigungsmaterial ist auf Kompatibilität mit den vorhandenen Untergründen zu prüfen. Gegebenenfalls muss geeignetes Befestigungsmaterial selbst besorgt werden.
- Vor der Montage müssen die Klemmflächen mit fettlösenden Haushaltsmitteln von Fetten befreit werden.
- Es besteht die Gefahr von Quetschungen beim Heben der Tür. Entsprechend ist erforderliche Schutzkleidung zu tragen.

Safety advices:

GB

Important safety-related information for the mounting and use of sliding door systems

(Follow these instructions in addition to the mounting and operating instructions in order to avoid damage of product and damage to person or property.)

Important: All users have to be informed about relevant points mentioned in following safety advices and installation and operating instructions!

General information:

- Do not shut sliding doors with excessive force. This is especially important on sliding doors without soft closing device.

Assembly:

- Included mounting material must be checked for compatibility with the existing wall and ceiling. If required, suitable mounting material must be purchased.
- Clean clamping areas with fat solvent (standard commercial cleaning agent) before mounting.
- There is a danger of bruising when lifting the door. Wearing protective clothing is required.

B

Montage, Pflege und Wartung

Wichtige Informationen:

- Maximal zulässiges Gewicht der Tür liegt bei 120kg.
- * bei Verwendung des Standard Softeinzug Maximal 80kg
- Vor der Montage Glasflächen mit handelsüblichem Glasreiniger (ohne Oberflächenversiegelung) im Bereich der Klemmflächen reinigen.
- Keine Verdünnung verwenden.
- Mitgeliefertes Befestigungsmaterial ist auf Kompatibilität zu den vorhandenen Untergründen zu prüfen. Gegebenenfalls muss geeignetes Befestigungsmaterial selbst besorgt werden.

Wartung:

- Der Sitz und die Gängigkeit der geklemmten Teile sowie die Justierung der Tür müssen regelmäßig kontrolliert werden. Insbesondere im Falle von hochfrequentierten Anlagen sollte die Prüfung von einem Fach- oder Installationsbetrieb erfolgen. Beschädigte Glaselemente (Abplatzungen und/oder Ausmuschelungen) müssen unverzüglich ausgetauscht werden!
- Die Reinigung der Metall-Oberflächen (z.B. Griffe, Schiene) darf nur mit geeigneten Reinigern und Pflegemitteln erfolgen.

Assembly, care instructions, service and maintenance

Important information:

- Maximum permissible weight of the door is 120 kg.
- * when using the standard soft closing device maximum 80kg.
- All glass clamping areas have to be cleaned with standard glass cleaning products (without surface sealing) prior to installation.
- Do not use thinners.
- Included mounting material must be checked for compatibility with the existing wall and ceiling. If needed suitable mounting material must be purchased.

Maintenance:

- Check clamped parts at regular intervals for proper positioning, smooth running and the door for correct adjustment. Especially highly frequented door systems require inspection by properly qualified staff (specialized companies or installation firms). Immediately replace damaged glass elements (glass flaking and/or conchoidal fractures)!
- Only use suitable cleaning and care products to clean the metallic surfaces (e.g. handles, rail).

SCHIEBETÜRSYSTEM 120 GLAS 2-FLG / 120 GLAS SOFTEINZUG 2-FLG.

Pflege allgemein:

Die Oberflächen der Schiebetürsysteme sind nicht wartungsfrei und sollten gemäß ihrer Ausführung gereinigt werden.

- Für metallische Oberflächen (Eloxal-/Edelstahloberfläche) bitte nur geeignete Reiniger ohne Scheuermittelanteil verwenden.
- Für lackierte Oberflächen bitte nur entsprechende lösemittelfreie Reiniger verwenden.

General care instructions:

The surface finishes of the sliding door systems are not maintenance-free and should be cleaned according to their material and texture.

- For metallic surfaces (anodized/stainless steel finish) please only use appropriate cleaning agents without abrasive additives.
- For varnished surfaces please only use appropriate solvent-free cleaning agents.

Lieferumfang / scope of delivery

Nur bei System 120 Glas / only at system 120 glass

Nur bei System 120 Glas Softeinzug / only at 120 glass with soft closing device

Montagewerkzeuge (nicht im Lieferumfang) / assembly tools (not included)

SCHIEBETÜRSYSTEM 120 GLAS 2-FLG / 120 GLAS SOFTEINZUG 2-FLG.

 Für 10mm Glastüren bitte beiliegenden Adapter verwenden.
For 10mm glass doors please use enclosed adapter.

Adapter für 12mm Glastüren ist optional erhältlich.
Adapter for 12mm glass doors is optionally available.

Montage Positionshalter /
mounting position holder

Montage Softeinzug-Aktivator /
mounting soft stop activator

 Aktivator entsprechend der Glasdicke wählen.
Select activator according to glass thickness.

Wandabstand kann mit optional erhältlichen Abstandsprofilen erweitert werden.
Wall distance can be extended with optionally available spacer profiles.

ohne Abstandsprofil
without spacer profil
