Thinking outside

Sometimes it's good to add an outside perspective.

We know that at Brafab. Because what we are best at is outdoor furniture, and we know what is needed to spend an outdoor life in comfort and in a way that lasts over time; both in form and function.

Aspects such as comfort and aesthetics is at least as important when choosing outdoor furniture as when decorating indoors. At Brafab, we like that, and want to share our passion and competence on the joy of spending time outside.

On the following pages you will get an insight into Brafab's new products 2024 - a range inspired by basic colours, easy-care materials and furniture that lasts over time, both in form and function. And with a gentle addition of new, soft and cool colours as well as new designs and solutions.

Crafting Quality Outdoor Furniture with a Sustainable Vision

A product range with a wide base that can be combined endlessly is the foundation of Brafab's product development. We are one of the leading brands for outdoor furniture, and we devote ourselves to develop our range from year to year.

In recent years, our outdoor environments have become increasingly important to us. What used to be just a simple patio has today become an extra living room that we enjoy as soon as the weather permits.

Brafab draws inspiration from the outside world and by monitoring and trying to predict upcoming trends and orientations. We believe that it is important to add playfulness and hope into our daily lives, which we want to reflect in our outdoor furniture. Colour is a great way to bring hope so why not add more distinctive colours such as Dusty Green and Lemon to more traditional colours for outdoor furniture.

Brafab's Outdoor Furniture Journey

Brafab's history goes back a long way and we have a great heritage to build on. We started as a small family business back in the 1930s and today, we have grown into one of Northern Europe's largest outdoor furniture brands. However, we are still just as keen on the interplay between comfort, design and practicality, which is fundamental when we develop our range. Details, materials and the perfect proportions are what create outdoor furniture you can sit comfortably in and enjoy for a long time.

We also feel the need to contribute to an environmental friendly product process and to do what we can for the environment, people and society when it comes to sustainability. This means creating outdoor furniture that lasts over time, both in form and function, and our sustainability work is an important and natural part of our daily work.

Peace Table, DK Chair, Averio Carpet

PEACE

Peace, a playful game with words and plenty of room for togetherness. With Peace we add a modern touch to the round table. Stylish design with functional details. A round table top (Ø150) where 6 people sit freely and even more can fit if you are in good company. The large aluminum table top has elegant lines that provide a nice contrast to the round shape. Design with a sturdy center column that means no one has to sit at a table leg. Adjustable feet are included to compensate for any unevenness in the surface. Available in three colors.

DK

DK is honouring Scandinavian design and brings to mind masterpieces from the 1950s. An elegant and stable frame in aluminum with contrasting details that enhance the feeling and keep DK relevant - for a long time. The contrasting colors of the armrest and the double-woven seat in artificial rattan are details that elevate the chair. The consistently airy feeling in the design is a clear legacy from the Scandinavian classics. Available in four colors.

B45 Table, DK Chair

B45

Completely in aluminium, the table B45 gives a modern feel, austere but at the same time inviting and with room for many. Thanks to sound-absorbing paint on the underside of the table, the clatter from glass and porcelain is dampened. B45 is available in two lengths (180 and 250 centimeters respectively), where a design detail is that the distance between the table legs is the same. The edges of the tabletop have an elegant 45-degree angle, a detail that catches the eye. Available in two colors.

SHANGHAI

Shanghai is a modern parasol with a generous size and 50+ UPF protection against the sun's ultraviolet radiation. 2.7 meters in diameter creates protection from the sun where it is needed. The parasol has a solid crank and pole that can be tilted, making it easy to reach cooling shade. When it is angled, the many and beautiful steel ribs become visible - form and function in harmony. This parasol adds both style and function to your patio. Overall, all the features needed for a classic Shanghai parasol.

PALIANO

Imagine a classic, large wooden parasol of the type that fits perfectly on a sunny terrace in Italy. Then it is Paliano you see in front of you. But it is not only the beautiful design and the generous size that make this parasol unique; the pole in Paliano is made of durable aluminum covered in a natural pattern that closely resembles wood - but which does not need maintenance.

GATSBY

With Gatsby you get the most out of the summer. The series includes both classic fringed parasols in a modern version and an associated parasol base. The parasol has a timeless summer design and gives you the opportunity to create your own corner of shade when needed. The accompanying parasol base (which also fits most of Brafab's parasols) gives a modern impression with its octagon shape.

OUTDOOR FURNITURE COVER

Protecting your outdoor furniture and taking good care of it will yield long-term benefits. During winter or inclement weather, all outdoor furniture benefits from proper protection. Brafab's new range of furniture covers is divided into two types: one that is waterproof and another that is both breathable and waterproof.

Features

Adjustable fastening strap with windproof buckle

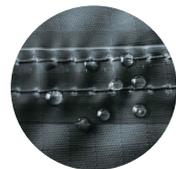

Strong knitted elastic bandage in bottom

Storage bag

Perfect double-stitch sewing

Waterproof taped seam inside

WATERPROOF & BREATHABLE FURNITURE COVER

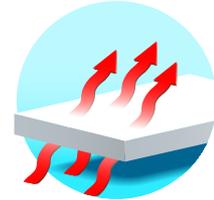

When different weather and temperatures change back and forth, the phenomena of condensation may occur when storing your outdoor furniture with a cover. It is therefore crucial to make sure that your outdoor furniture gets the chance to catch its breath underneath to prevent damage related to condensation.

With a breathable and waterproof outdoor furniture cover from Brabaf you can rest assured that your outdoor furniture is safely stored, stays dry and has no risk of getting damaged by condensation. This is also a smart way of keeping your outdoor furniture fresh and clean.

The light weight material used is a waterproof ripstop polyester (210D) with a back of TPU coating which makes it breathable and able to transport the moisture vapor outside and prevent the occurrences of mold and mildew. Thanks to the light weight and smooth material it is easy to use, both when putting it on your outdoor furniture and when storing it in its storage bag.
