PURCHASE CATALOGUE 2023

## Apple Bee 2023

The Apple Bee purchase catalogue 2023 has been specially compiled for you as a purchaser. It includes compact, clear, and useful information of each collection. All the outdoor furniture shown here, is available per container and most of the items will also be available through our warehouse in Dongen, the Netherlands.

We want to help you as our Apple Bee dealer to make your sales as easy as possible. In addition to sizes and weights, you will also find information about the fabrics, materials used, maintenance and much more. All the information you need to properly advise your customer!

Apple Bee can also support you if you are looking for custom made production. We would be more than happy to welcome you in our 400 m2 showroom in Dongen and talk over the possibilities. Hope to get in contact with you soon and wish you a successful season in 2023!

# BEE WETT® CUSHIONS

## PREMIUM TECHNOLOGY

Apple Bee furniture is made of the highest quality materials. The same certainly applies to the cushions. Our BEE WETT® range consists of special weather-resistant cushions that you can simply leave outside. The removable cover is made of the best possible materials, which are all washable. As well as being waterproof, the material is also guaranteed to be UV-resistant. Unlike normal foam, the unique BEE WETT® filling does not absorb moisture. The open fabric structure on the bottom of the cushion drains all moisture perfectly. This ensures that your BEE WETT® cushion dries incredibly quick compared to other cushions.

The BEE WETT cushion is upholstered with an Olefin material that is resistant to rot and fungus, but is also UV-proof, soft, comfortable and damp-proof. The BEE WETT®-line features premium technology on the cushions, which ensures that the cushions dry quickly after heavy rain.

### Care

For many years we have been supplying Apple Bee furniture together with the highest-quality, care-friendly BEE WETT® cushions. One of the surest ways to extend the life of these attractive cushions is to maintain the fabric correctly. This can be done simply by brushing off dirt before it becomes embedded in the fabric fibres and to immediately remove spilled liquids and other substances.

Do not use any caustic cleaning agents or chlorine. You can leave the cushion covers to soak in a soap and water solution and/or wash them in a delicate fabrics programme at a maximum of 30 degrees.

NB: always rinse out the covers thoroughly! In order to retain the cushions' water-repellent layer you can add a little Harmisol or similar to the last rinsing.

Do not put the cushion covers in a spin dryer or dryer and do not iron them. As soon as the washing machine program is finished, immediately replace the wet cover around the cushion filling so that the natural elasticity of the fibres will pull the cover nice and tight around the filling as it dries.

**DRAIN**  
The open fabric structure on the bottom of the cushion drains all moisture perfectly

**MATERIALS**

# BICULAIR® WICKERWORK

Apple Bee furniture is entirely handmade. The frame is manufactured from aluminium, with no concessions made in wall thickness or finish. The welds are of first-rate quality, the screws are of high-grade steel, and the frame is anodized in a matt or high-gloss finish, or treated with color epoxy.

A unique feature of the range is that the frames are interwoven with special Biculair® wickerwork. Biculair wickerwork was originally developed for professional use. This highly durable imitation rattan fibre (HDPE) is fully weather-resistant, color-fast, recyclable and environmentally friendly. This means that the appearance and performance of the furniture is not affected by the European weather conditions and that the colors retain their natural quality, even better than real rattan! The top-class quality of this wickerwork, tested by the Netherlands Organisation for Applied Scientific Research (TNO), stands out against that of other somewhat comparable wickerwork.

## SOUL COFFEE TABLE

## LIGHT WEIGHT CONCRETE (LWC)

Light weight concrete has a core of so-called fibre reinforced cement board. In Europe and in the USA, this is also used for facade panels to decorate exterior walls because of its many advantages. It's very strong, durable, stable and it can withstand the elements water and fire.

Apple Bee has chosen the same base material for its light weight concrete tops, making these tops solid, stable and – unlike other resin materials – Apple Bee LWC tops perform very well under all kinds of weather conditions. The combination of a beautiful design and this quality material ensures that Apple Bee LWC tables provide many years of enjoyment.

## TEAK CARE

### Apple Bee wood is Earth-friendly

Teak is the best and most valuable thing nature has to offer in terms of wood. We make our teak furniture from wood grown at the plantation forest. This is a big step forward to conserve the nature forests.

Teak contains many natural oils, which serves as a natural protective layer on the wood. Apple Bee already pre-treats all teak furniture with an anti-fungus pesticide during the production, which is designed to kill mould and mildew spores inside teak. For outdoor use, teak furniture will be exposed to rain, sunlight, dirt, moisture and fungi, and therefore taking care of outdoor furniture is important.

#### Apple Bee - Teak cleaner

Apple Bee Teak Cleaner is specifically designed to kill mould and mildew spores inside teak. It contains both cleaning and brightening ingredients.

Article No.: OV0010 | EAN: 8718091508382

#### Apple Bee - Teak color restore Antique

Apple Bee Teak Color Restore Antique is specially developed for Apple Bee teak furniture with Antique finish. After a while the Antique color will fade out. The treatment protects teak and helps it retaining its natural warm color. Apple Bee Color Restore Antique generally lasts for the entire season without turning black or gray. The duration depends upon factors such as exposure to sunlight, humidity, rain, the age of the teak, and some other factors.

#### Apple Bee - Teak color restore Coastal

Apple Bee Teak Color Restore Coastal is specially developed for Apple Bee teak furniture with Coastal finish. After a while the Coastal color will fade out. The treatment protects teak and helps it retaining its natural cool color. Apple Bee Color Restore Coastal generally lasts for the entire season without turning black or gray. The duration depends upon factors such as exposure to sunlight, humidity, rain, the age of the teak, and some other factors.

#### Apple Bee - Teak shield

Apple Bee Teak Shield slows the growth of algae and fungi and helps to maintain teak's silver-grey color for a long period of time, without getting green deposits. We recommend treating teak with Apple Bee Teak Shield at least once a year. Tabletops should be treated more often, depending on the frequency of use. Extreme green deposit can occur under some conditions, such as exposure to long periods of damp. In this case, it is advisable to apply Apple Bee Teak Shield twice a year.

# CERTIFIED TEAK WOOD

At Apple Bee, we value craftsmanship. That is why we have specialized in the use of teak for many years. We choose certified teak from sustainably managed and controlled plantations. When a new natural teak set is purchased, the tropical hardwood has a honey-brown to dark brown colour. Depending on the environment and weather conditions, it will eventually age naturally. This creates the characteristic silver-grey patina colour which, for many people, is the reason for choosing teak. We also regularly use our own colour finish, which finishes the teak and gives it a different look. There is the Coastal finish and the Antique finish. We have special maintenance products for our teak furniture, to keep the teak and the colour finish in optimal condition. We also have an extensive teak care guide available on our website, where we explain how to clean and care for your teak products. Scan the QR code to see the teak information page, and click on the link in the text to open the teak care guide.

# WARRANTY

Our garden furniture is covered by a 3 year warranty, which extends to material and manufacturing defects, under normal usage. The warranty excludes:

- Damage through use;
- Scratches;
- Stacking damage;
- Loosening / detachment of plaited strands;
- Fine cracks in wood;
- Turning grey / discoloration of wood;
- Standard cushions.

Defects that are the result of incorrect or improper use (for example: abnormal loads, damage from aggressive substances, incorrect assembly or maintenance, repairs by non-experts, etc.) are also excluded. This warranty does not entitle the purchaser to compensation. Any claims or warranty should be made through the supplier, on presentation of the sales receipt. For more information and practical tips on the warranty and maintenance, visit [www.applebee.nl](http://www.applebee.nl) or email: [service@applebee.nl](mailto:service@applebee.nl).

# What's the idea?

At Apple Bee, we are convinced that a long-lasting customer relationship is paramount and always aspire a close partnership with our dealers. If we, as a brand, work closely with the sales points for our brand, together we establish a strong, consistent image appealing to the end-consumer.

The options for establishing such cooperation are endless, and we are always open for our dealer's suggestions and ideas that can be further developed mutually. For instance, in close cooperation we developed and offered banners and a 'Shop-in-Shop' concept to some of our selected sales points, which are put on display and used in their showrooms. In other words, if you have any suggestions or ideas for a concept to improve the presence of our Apple Bee furniture in your shop, please feel free to contact us and we might be able to develop and work out something together.

We seek a partnership on both an online and offline basis. For example, if you would like to set up an online campaign or a promotion as we have done regularly in the recent past, we are happy to supply you with all the (digital) material needed. On the other hand, we will contact you when we have a great idea for a campaign or promotion!

We are in close contact with the marketing departments of our dealers and keep our partners informed of our online activities as much as possible. To achieve this, it is very helpful to pass on the contact details of your marketing department to your Apple Bee account manager or to our marketing department ([marketing@applebee.nl](mailto:marketing@applebee.nl)). Let's grow together!

The picture on the left hand side shows an Apple Bee section as displayed in the inspirational magazine of one of our partners. Do you have such a magazine or other marketing tools? Let us know! Apple Bee publishes a yearly inspirational magazine for the end-consumer, where you as a dealer can be present through a partnership. Please feel free to contact us for the possibilities!

Do you have suggestions or ideas for a concept in your shop (such as a digital screen, a banner or other display options) that you would like to develop? Let us know and we will gladly support you with (image) material or develop ideas together with you!!
