## en Safety Instructions

The person responsible for the instrument must ensure that all users understand these directions and adhere to them.

### Areas of responsibility

The manufacturer is responsible for supplying the product, including the User Manual, in a completely safe condition.

The instrument user is not responsible for third party accessories.

### Responsibilities of the person in charge of the instrument

To understand the safety instructions on the product and the instructions in the User Manual.

To familiarize with local safety regulations relating to accident prevention.

Always prevent access to the product by unauthorized personnel.

**Permitted use:**

• Measuring distances

• Timing measurement

• Using the product without instruction

• Using the product at the stated limits

• Deactivation of safety systems and removal of explanatory and hazard labels

• Opening of the equipment by using tools (screwdrivers, etc.)

• Carrying out modification or conversion of the product

• Use of accessories from other manufacturers, without express approval

• Deliberate dazzling of third parties, also in the dark

• Inadequate safeguards at the surveying site (e.g. when measuring on roads, construction sites, etc.)

• Deliberate or irresponsible behavior on safety folding, when using ladders, when measuring near machines or installations which are unprotected

• Acting directly in the sun

• **Caution!** Watch out for erroneous measurements if the instrument is defective or has been dropped or has been misused or modified. Carry out periodic test measurements.

Particularly after the instrument has been subject to abnormal use, and before, during and after important measurements.

• **Caution!** Never attempt to repair the product yourself.

In case of damage, contact a local dealer.

• **Warning!** Changes or modifications not expressly approved could void the user's authority to operate the equipment.

• Limits of use:

• To use according to "Technical data" in the User Manual.

The device is designed for use in areas permanently habitable by humans. Do not use the product in explosion hazard areas or in aggressive environments.

• Disposal:

• **Caution!** Flat batteries must not be disposed of with household waste. Care for the environment and take them to the collection points provided in accordance with national or local regulations.

The product must not be disposed with household waste.

• Dispose of the product appropriately in accordance with the national regulations in force in your country.

Adhere to the national and country specific regulations.

Product specific treatment and waste management can be downloaded from our homepage.

• **Electromagnetic Compatibility (EMC):**

• **WARNING!** The device conforms to the most stringent requirements of the relevant standards and regulations.
